MORE DETAILS

WHAT'S IN IT FOR YOU!

HOW DOES THE APPRENTICESHIP WORK?

Delta Power Equipment will hire you as an employee and sponsor you as an apprentice in the "Agricultural Equipment Technician" program at certified post-secondary school. Together we find a program and school that is suitable for you.

You will receive a combination of time at school, as well as time at work, at our stores. location, gaining hands-on experience, while getting paid.

The apprenticeship program consists of 3 levels of theoretical training, 720 hours of in-school training, and 6,280 hours of on-the-job training. For most apprentices they can complete the program within 3 and a half years.

WHAT'S IN IT FOR YOU:

- Job security working in an in-demand and rewarding career
- Hands-on experience to develop skills on the latest equipment
- Tuition reimbursement
- Paid on-the-job training
- A chance to be part of a growing team!

REQUIREMENTS TO ENTER THE APPRENTICESHIP PROGRAM :

- High School Diploma
- Mechanically Inclined
- Willingness to Learn
- Interest in agriculture, construction or powersports
- Agricultural background or experience is an asset
